Johan Wedsberg focuses his practice on construction and infrastructure projects and on real estate law. Johan's experience within these areas includes dispute resolution, advice on ongoing projects and transactions. To view this bio in Swedish, please click [here](#).

Experience

Drafted and reviewed construction contracts and administrative instructions for various clients, including some of the largest property owners in Sweden.

Represented Swedish and international property companies and construction companies in disputes.

Advised in real estate transactions, including transactions of ongoing construction projects.

Provided ongoing project advice to property companies and contractors in a number of large construction and infrastructure projects.

Represented contractors and suppliers in legal review procedures of public procurements concerning e.g., construction and infrastructure projects.

Education

Uppsala University LL.M. (2015) Masters of Law

Admissions

Swedish Bar Association, Advokat (2018)
