Services

Government & Regulatory

Government Relations

Lauren Henderson represents a wide variety of clients, assists them with public policy issues and appropriations matters, and advocates on their behalf primarily before the North Carolina General Assembly and local governments. Lauren is an expert in earth sciences and her background in earth sciences, biology, and chemistry give her a unique perspective on health care, biotechnology, agricultural, and environmental issues. She focuses her practice in the pharmaceutical, health care, biosciences, biotechnology, agricultural, energy, environment, and consumer products industries.

Prior to joining the firm, Lauren was a chemist at Mother Murphy's.

Lauren is not licensed to practice law. Lauren is a member of the KTS Strategies LLC team.

Education

North Carolina State University B.S., Biological Sciences (2012) *summa cum laude, Dean's List*
